

## Assignment 4: Mouse Practice

### Open Kid Pix Deluxe 4

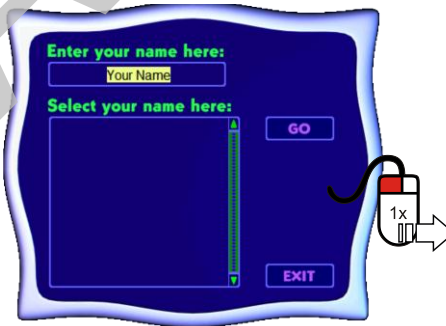

- ☞ Double click the Kid Pix Deluxe 4 shortcut.

- ☞ If you see your name, click on it, and then press Go.
- ☞ Find your name in the list and click Go.

- ☞ If you **do not** see your name, click and drag on the name in the name box.

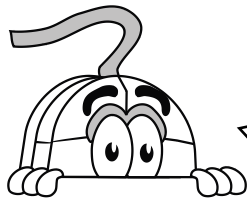

- ☞ On the keyboard, press the letters of your name.

- ☞ Once you have typed your name, **click** Go.

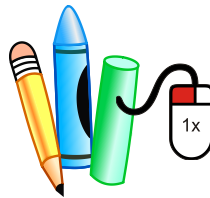

### Click and Draw

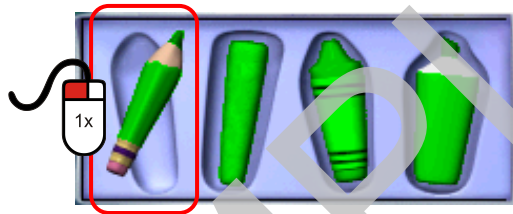

Choose the *Pencil* tool. **Click and hold** and **click and drag** to draw a picture.

☞ Click *Draw*.

☞ Click on the *Pencil*.

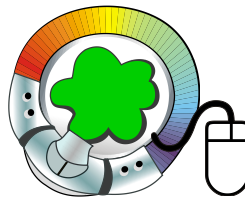

☞ Click and drag the mouse to draw.

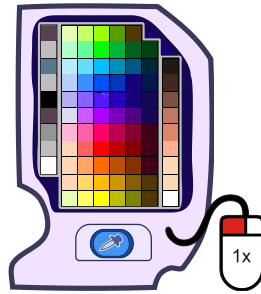

### Pick a Color

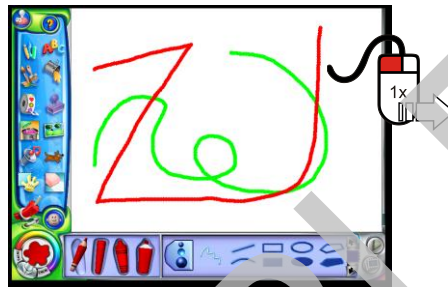

☞ Hold the mouse over the *Color Picker*.

☞ Click on a color.

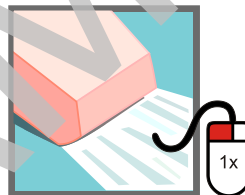

☞ Click and drag on the canvas to draw.

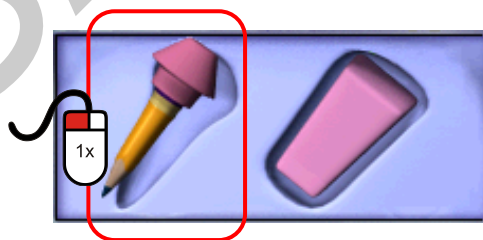

**Erase Part of a Picture**

☞ Click the *Eraser*.

☞ Click the small eraser.

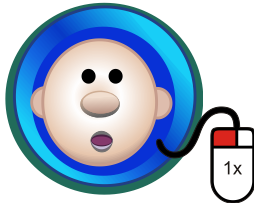

☞ Click and drag to erase the part of the picture that you want to remove.

### Undo an Action

- Click *Undo Guy* if you do something to your picture that you do not want to keep.

- Click *Undo Guy* again to redo what you just undid.

### Clear the Canvas

- Click *Start Over* to erase everything on the canvas and start again.

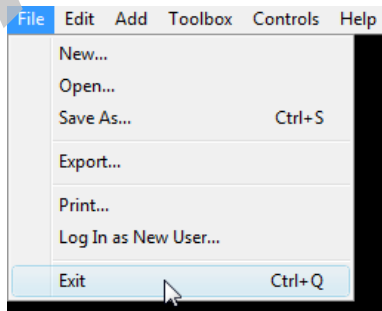

**TIP:** You may need to select a draw tool before you can use *Start Over*.

### Try the Tools

- Try out the other tools.
- Have fun!

### Exit Kid Pix Deluxe 4

- Click the *File* menu and choose **Exit**.

- Click No** when asked to save the picture.
