

# Designing a Mad Lib

Follow the steps below to design a Mad Lib:

1. Write down a sentence in the space below.
2. Underline the words that are to be replaced by a respondents answer.
3. Underneath the underlined word, write in the *category name*.
4. When you add the *category name* to *Sheet1* in Microsoft Excel, record the cell address where the respondent will type in their answer.

For example:

Sentence	The <u>Mars bar</u> made a <u>crunching</u> sound when <u>Christa</u> put it in her <u>mouth</u> .			
Category Name	candy	sound	girl's name	body part
Cell Address	C4	C5	C6	C7
