

# MY JOURNAL

*by Student Name*

Format font, size, style, color, and alignment of text

Align an inline image

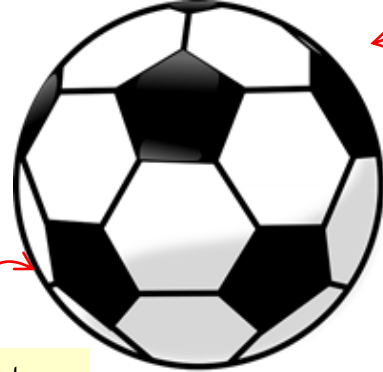

Journaling activities using Google Docs or Word introduce elementary students to word processing.

Insert a page break

# Yesterday

Last night my soccer team the Mighty Macks played a game against the West Side Kickers. When our team scored a goal, we were so excited. Jerry's dog Bruno ran out on to the field and joined in the cheering. We laughed. It was our best game this season.

Adjust text wrapping  
(in Google Docs only)

Sort images by type

Have your students reflect on their experiences by writing simple sentences.

View the entire page by changing the Zoom level

# My Favorite Things

This is a list of the things I like.

★ skateboarding

★ summer camp

Organize information in a bulleted list

Search for suitable images

★ video games

★ pizza

Adjust line spacing

★ soccer and hockey

The activities in TechnoJournal gradually introduce word processing skills and provide opportunities to apply learning.

# My Wishes

These are my wishes.

1. I wish I could play guitar. ←

2. I wish I had a super power.

Use capitalization and punctuation correctly.

← 3. I wish it would snow more in winter.

Organize information in a numbered list

Apply a border or style to an image ←
